MESSAGE FROM THE CHAIR OF TRUSTEES

It has been 1 year of my chairing the Board of Trustees and also an year of Baseer welfare international(L T D).

I am extremely proud of what has been achieved by our hard-working volunteers, the resourceful and resilient communities we serve, and those who continue to give so generously to support the cause.

Our income reached over £7,255 in 2023, it is increasing gradually by the time.

We could not have achieved this unprecedented reach without the extraordinary generosity of our donors. I am thankful for their generous and selfless giving against a framework of global economic immobility, rising inflation and escalating cost-of-living pressures. Their continuing support speaks volumes for their passion and compassion, and for the trust they place in us to fulfil our mission.

MESSAGE FROM THE SECRETARY GENERAL

The new wave of inflation made the life hard globally, specially in those countries where no national support system in place.

We simple ask for Educating thousands of children by providing them free schooling and books, When you **donate £35 for a food package, a family in need will receive nutritious food for a whole month.** Support our mission to fight hunger in poor and vulnerable communities in Azad Kashmir and supporting our cause.

YOUR GENEROUS DONATION WILL HELP COMBAT HUNGER IN THE AREAS WHERE IT IS MOST NEEDED AND MAKES A SIGNIFICANT IMPACT.

MESSAGE FROM THE VICE CHAIR

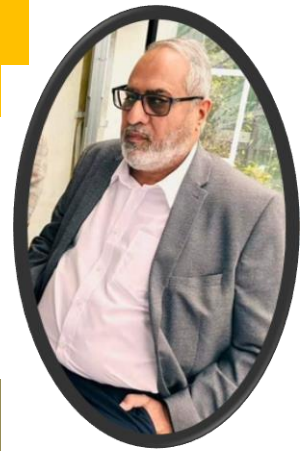

I lived and brought up in an area where we want to serve our community in few aspects.

The main purpose was to make their life style better and to support them to learn and wherever it's possible to work for them selves.

To start with from a monthly food pack and to further encourage them to stand up on their own feet.

The only way forward is to provide them technical and vocational education so they can learn and earn.

Our target is to widen our spectrum further so people can learn and make themselves a useful human being not only for themselves but for the others.

OUR VISION AND STRATEGY

As well as responding to disasters and emergencies,

Our believes in protecting basic human rights without any discrimination of color, caste, and faith. our efforts and our services are greatly liked and commended by all schools of thought, across Pakistan and Azad Kashmir.

we envisage a caring world where communities are empowered, social obligations are fulfilled and people respond as one to the suffering of others

Our strategy is to rise to the challenges that oppose the world we all share, and deliver the changes that the poorest and most vulnerable urgently require.
