2. About Us

Organizational Overview

Baseer Welfare International is a dedicated charity focused on improving the lives of those in need. We operate primarily in Azad Kashmir, providing essential services such as health care, education, food security, and access to clean water.

- **History:** Established to address the pressing needs of the underserved, we have grown through the generous support of our donors.
- **Mission Statement:** To uplift vulnerable communities through sustainable development and relief efforts.
- **Values:** Compassion, integrity, transparency, and dedication.

3. Mission and Vision

Our Mission

To deliver aid and support to vulnerable communities, ensuring sustainable development and an improved quality of life.

Our Vision

A world where every individual has access to essential resources and opportunities to thrive.

Message from the Regional Director

Dear Supporters,

As we reflect on the past year, I am filled with immense gratitude for the unwavering support and generosity that you have shown to Baseer Welfare International. The year 2023 was marked by significant challenges, from global inflation to conflicts and natural disasters, all of which had a profound impact on vulnerable communities.

Despite these obstacles, your contributions have enabled us to make a tangible difference in the lives of countless individuals. From providing life-saving health and medical care to ensuring access to clean water, education, and food security, our collective efforts have brought relief and hope to over 133 people in Azad Kashmir alone.

One of our proudest achievements is the successful implementation of our Water Projects, which have reached over 800 people, improving their access to clean and safe drinking water. Additionally, our initiatives in family support and women empowerment have transformed the lives of many, offering stability and opportunities for a better future.

Over the past two years, we have been committed to serving those who have no food on their table at night, including widows, orphans, and individuals with disabilities. However, this is just the beginning of a long journey. The need is great, and there is still much more to be done in the area.

As we move forward, we are excited to continue building on this legacy of compassion and service. Our upcoming Muharram Water Program is just one example of how we plan to extend our reach and impact even further. Your ongoing support will be crucial in making these initiatives a success.

Thank you for being a part of our journey. Together, we are creating lasting change and building a brighter future for those who need it most.

With heartfelt gratitude,

Muhammad Shakil Bahti

7. Case Studies and Testimonials

Rubena Kousar's Story

"My name is Rubena Kousar. My husband and I are polio patients, living in someone else's accommodation for a long time without a place of our own. Due to his illness, my husband cannot work regularly, and no one offers him a job. We have a little daughter who, at the age of 2-3, broke her jaw in an accident and couldn't have a full meal until she was 15. We struggled to have food on our table and take care of our five children. Thanks to Baseer Welfare International, my daughter received treatment and can now eat properly. They also provide us with monthly groceries and a brand-new fridge, which is a blessing during the heat."

Abdur Rauf's Story

"My name is Abdur Rauf. I used to live in a village near the Indian border, where regular armed shootings would occur. Due to this, I injured my leg and became disabled. I then migrated to Islamgarh, Azad Kashmir. I have nine children, four of whom are completely disabled. Because of my responsibilities at home and my disability, I could not earn regularly. We had no permanent shelter and lived temporarily in different places. Baseer Welfare provided us with monthly groceries and, most importantly, a house in Islamgarh. May Allah reward them."

Shabina's Story

"My name is Shabina. We live in Mangla, Azad Kashmir. We are five siblings, and our father is a single parent. Due to his illness, he cannot work. We don't have enough food at home, and we lack furniture. Our poverty prevented us from continuing our studies. Thanks to Baseer Welfare International, we now receive regular groceries and at least have a meal in the evening."
